DETAILED ACTION

Election/Restrictions

1. Claims 15 and 16 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected Species B, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on October 21, 2003.

Specification

2. The disclosure is objected to because of the following informalities:
Page 7, line 9, delete "connector means 1" and insert --connector means--.
Appropriate correction is required.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by Simonson (5,518,477).

3. As to claims 1-4, Simonson discloses exercise equipment comprising a cable (40) attached at its distal end to a resistance means such as a variable weight system (12) cooperating with pulleys means (204, 206, 256, 208, 210) for switching between a 2:1 mechanical advantage and a 1:1 ratio, and attached at a

Art Unit: 3764

proximal end a control means such as a handle (64) to exert effort against the resistance means (see Figs. 3 & 7 and Col. 3, lines 30-35 and Col.5, lines 54+).

Claim 5 is rejected under 35 U.S.C. 102(b) as being anticipated by Giannelli et al. (6,254,516).

4. Gianelli discloses an exercise device having a resistance means that can be switched between a 2:1 ratio to a 1:1 ratio that includes a counterweight (45a,45b) as substantially claimed (see Figs. 1 & 6 and Col. 6, lines 6-35).

Allowable Subject Matter

5. Claims 7-14 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
